# Purpose of this Supplement

The 1981 (17th) Edition of CAMELLIA NOMENCLATURE was designated the 'Historical Edition'.

Commencing with the 1984 (18th) Edition of CAMELLIA NOMENCLATURE a large number of **Species Japonica and Sasanqua** cultivars were deleted to reduce both space and cost. Most, but not all, of the cultivars that were eliminated had been introduced prior to 1950, and generally speaking, were no longer in 'substantial commercial distribution.'

The Nomenclature Research Committee has received a large number of requests to print a list of those **Species Japonica and Sasanqua** cultivars that were eliminated. This 'Supplement' is that list. This list is confined to Species Japonica and Sasanqua only as no other species were eliminated after 1981 or at any other time.

This supplement may be used with the **1996 and all subsequent editions of the NOMENCLATURE BOOK**. It will no longer be necessary to use the 1981 'Historical Edition' as a supplement.

A special thanks is owed to Bob and Alice Jaacks and Sergio and Elsie Bracci who performed the great majority of the labor needed to put this supplement together. It should also be noted that Alice Jaacks performed all of the typing and formatting required for this publication!!

Art Gonos, Editor

The 1996 Camellia Nomenclature Supplement has been reprinted in December 2016 by the Southern California Camellia Society.

The front cover photo of *C. japonica* 'Marquis de Montcalm Variegated' is by Bradford King

A special thanks is given to Richard Buggeln for all his efforts in reprinting this publication.

Bradford King  
President Southern California Camellia Society

## Contents

Purpose of this Supplement .....	Above
Species Japonica .....	1
Species Sasanqua .....	49

# Species Japonica

- A. MARKLEY LEE** — Shell Pink. Medium, formal double. E. (U.S. 1949 — Fruitland).
- A. O. ELLISON** — Rose Pink streaked Red. Large, single to semidouble. Open, upright growth. E-M. (Aus. 1945 — Hazlewood).
- ABUNDANCE** — White. Medium, peony form. Slow, angular, upright growth. M. (Two other cultivars are listed under this name — a Crimson anemone form and a rose form double). (Japan to U.S. [Domoto] 1937).
- ADA HEWITT** — Light Pink. Medium, formal double. E-L. (U.S. 1948 — Judge A. D. Hewitt, McComb, MS).
- ADAH PEARL** — Pink. Medium, semidouble, with fluted center petals. Vigorous, upright growth. M. (U.S. 1940 — Youtz).
- ADAMASTOR** — Tile. Medium, rose form double to anemone form. M. (Portugal 1880 — Da Silva).
- ADELINA PATTI** — Pink shading to White at tips. Medium, single. Open, upright growth. M-L. (Japan to England [C. Waller] 1889).
- ADMIRAL HALSEY** — Deep Red marbled White — Variegated form of 'General Dwight Eisenhower'. Medium. (U.S. 1945 — Reeves).
- ADMIRATION** — Red blotched White — Variegated form of 'Mme. Le Bois'. Medium. (U.S. 1942 — J. S. Tormey, Temple City, CA).
- ADRIAN FEINT** — White striped Crimson. Large, semidouble. Vigorous, compact, upright growth. M. (Aus. 1947 — Waterhouse).
- ADRIEN LEBRUN** — Rose Pink mottled and dotted White. Large, formal double. (Italy 1885 — Franchetti).
- AFTERGLOW** — White striped Pink. Medium, semidouble of cupped form. (U.S. 1949 — Flowerwood).
- AGNES CELESTINE** — White striped Pink. Medium, semidouble to peony form. M. (U.S. 1948 — McIlhenny).
- AGNES M. STOWE** — Red marked White. Medium, semidouble. (U.S. 1948 — Azalea Glen).
- AGNES OF THE OAKS** — (Plant Patent No. 873) — Pink marbled White. Large, semidouble with ruffled petals. Average, compact, upright growth. E-M. (Similar to if not same as 'Oniji'). (U.S. 1949 — F. A. Godchaux, Abbeville, LA).
- AINF A EGERIA** — See 'Ninfa Egeria'.
- AITONIA** — Light Rose Pink. Medium, semidouble with center of mixed petaloids and stamens. Vigorous, compact growth. M. (Not same as cultivar listed in old literature, which was a single of Rose Pink). (U.S. Late 1800's — Magnolia).
- AKA-BOKUHAN** — (Bokuhan [Name of family] Red) — Red. Small, single to semidouble. M. ("Camellia Varieties in Japan", [1956 Edition], E. Satomi, Tokyo).
- AKA-KARAKO** — (Red Anemone') — See 'Beni-Karako'.
- AKA-KOSHIMINO** — (Red Skirt) — Red. Medium, rose form double. (Japan 1935 — Chugai).
- AKA-SUMIKARA** — (Sumikara [Name of a person] Red) — Crimson. Small, rose form double. M. (Japan 1935 — Chugai).
- AKA-YOBUKO-DORI** — (Calling Bird Red) — Red sport of 'Yobuko-Dori'. ("Camellia Varieties in Japan", [1956 Edition], E. Satomi, Tokyo).
- AKEBONO** — ('Dawn'; 'Valentine'; 'Betty') — Rose Pink. Medium, semidouble with broad, round petals. Vigorous, compact growth. M. (Japan to U.S. [Star] 1930).
- AKEBONO-SHIBORI** — ('Dawn Variegated') — See 'Akebono Variegated'.
- AKEBONO VARIEGATED.** — ('Dawn Variegated'; 'Queen of Hearts'; 'Akebono-Shibori') White lined Pink form of 'Akebono' — (Japan 1937 — Chugai).
- AKI-NO-ASAHI** — (Morning Sun in Autumn) — Light Rose Pink slightly streaked Pink. Medium, single. Vigorous, compact, upright growth. E. ("Camellia Varieties in Japan", [1956 Edition], E. Satomi, Tokyo).
- AKI-NO-SARASA** — (Chintz of Autumn) ('Sarasa-Shibori') — Light Pink striped Pink. Medium, semidouble. E. (Japan to U.S. [Star] 1930).
- AKI-NO-YAMA** — (Mountain in Autumn) — Crimson blotched White. Medium, single. Vigorous, compact, upright growth. E. (Japan to U.S. [Star] 1930).
- AKI-OTOME** — Red. Medium, formal double. E. (Japan).
- AKIZAKI-AMA-GA-SHITA** — (Autumn Blooming Universe) — Sport of 'Ama-Ga-Shita' — Red variegated White. Medium. ("Camellia Varieties in Japan", [1956 Edition], E. Satomi, Tokyo).
- AKIZAKI-HAKU-BOTAN** — (Autumn Blossoming White Peony) ('Akizaki-Shiro-Botan') — White. Large, full peony form. ("Camellia Varieties in Japan", [1956 Edition], E. Satomi, Tokyo).
- AKIZAKI-SHIRO-BOTAN** — (Autumn Blossoming White Peony) — See 'Akizaki-Haku-Botan'.

- AKIZAKI-WABISUKE** — (Autumn Blossoming Wabisque Red) — Red. Small, single. E. (Japan).
- ALABAMIAN** — White shaded Pink, sometimes with a small Pink streak. Large, formal double. (U.S. 1948 — Fisher).
- ALASKA** — White. Medium, semidouble with fluted petals. Vigorous, upright growth. M. (U.S. 1949 — Carleton).
- ALBA CASORETTI** — Cream White. Large, formal double. M-L. (Italy 1844 — Casoretti, Milan).
- ALBA COMPACTA** — White. Medium, formal double. (U.S. Early 1900's — Greenbrier).
- ALBA INSIGNIS** — White with soft Yellow tinge at center. Large, formal double. (Italy to Belgium [Verschaffelt] 1849).
- ALBA SIMPLEX** — White. Large, single. (England 1819 — S. Curtis).
- ALBA SPECIOSA** — White lightly tinged Yellow at center. Large, formal double with rounded petals and smaller center petals. (Belgium 1849 — Verschaffelt).
- ALBA SPLENDENS** — White. Medium, semidouble with wavy petals. Average, loose, upright growth. M. (U.S. Late 1800's — Magnolia).
- ALBA SUPERBA** — ('Nevius'; 'Northern'; 'Tonnie Leche') — White. Medium, semidouble. Vigorous, upright growth. M. (Europe to U.S. [Magnolia] 1840's).
- ALBA SUPREME** — White. Medium, formal double. Vigorous, bushy growth. L. (U.S. Early 1900's — Magnolia).
- ALBATROSS** — See 'Yohei-Haku'.
- ALBERTII** — ('Prince Albert') — Pink striped Carmine and sometimes White. Medium, full peony form. Vigorous, compact, upright growth. M. (China to England [Chandler] 1841).
- ALBINO BOTTI** — Flesh Pink. Large, formal double. M. (Italy 1881 — Botti, Chiavari).
- ALBUS** — White. Large, semidouble. (U.S. 1948 — Fruitland).
- ALEXANDER HUNTER** — Crimson. Medium, single with petaloids occasionally showing among stamens. Upright growth. M. (Aus. 1941 — Hunter).
- ALEXANDER NOWLIN** — Red Spotted White. Medium, formal double. Average, compact, upright growth. M. (France to U.S. [Youtz] 1935).
- ALEXANDRE HERCULANO** — Scarlet. Medium, formal double. (Portugal 1880 — Da Silva).
- ALFRED CAPELLINI** — Scarlet sometimes striped White. Large, formal double. M. (Portugal 1920 — Da Silva).
- ALICE GAILY** — White. Large, peony form. Vigorous, compact growth. E. (U.S. 1949 — S. W. Miller, El Cajon, CA).
- ALICE LOCKWOOD** — Rose Pink margined White. Medium, semidouble. Upright growth. E. (U.S. 1942 — Middleton).
- ALICE MUNZ** — White. Medium, full peony form. Vigorous, upright growth. M. (U.S. 1949 — Dr. P. A. Munz, Claremont, CA).
- ALICE STOKES** — Light Pink. Medium, rose form double. Vigorous, upright growth. M. (U.S. 1949 — T. Dodd, Semmes, AL).
- ALLEN** — White. Small, peony form. M. (U.S. 1937 — Bobbink and Atkins).
- ALLEN'S PINK** — See 'Triumphans'.
- ALLINGHAM** — Deep Red blotched, dotted or lined White. Medium, formal double with cupped inner petals. M. (U.S. 1941 — McIlhenny).
- ALMA** — Dark Red. Medium, anemone form. Average, compact growth. M. (Aus. 1871 — Baptist).
- ALMA ARMSTRONG** — Red. Large, semidouble. Average, compact growth. E. (U.S. 1961 — Judice).
- ALTHEA PARTICOLOR** — Deep Rose Pink marbled White and veined deep Red. Medium, single of cupped form. Upright growth. E-L. (U.S. 1941 — Middleton).
- ALTHEAFLORA** — Dark Red. Medium, peony form. (England 1824 — Chandler).
- ALTHEAFLORA SHELL PINK** — See 'King's Rosea'.
- AMA-GA-SHITA** — (Universe) — Red mottled White. Medium, single with large, round petals. M. (For another form of this cultivar, see 'Akizaki-Ama-Ga-Shita'). (Japan 1935 — Chugai).
- AMA-NO-KAWA** — (Milky Way) — White. Large, semidouble with incurved petals. Compact, upright growth. M. (Japan to U.S. [Star] 1930).
- AMABILIS** — ('Mrs. Francis Saunders'; 'White Poppy') — White. Medium, single of flat form with heavy cluster of stamens in center. Vigorous upright growth. M. (Not same as cultivar listed in old literature, which was a similar White single.). (Japan 1893 — Yokohama).
- AMABILIS FULGENS** — Dark Crimson. Large, peony form. (Aus. 1888 — Shepherd).
- AMABILIS PINK** — Pink sport of 'Amabilis Variegated'.
- AMABILIS RED** — Rose Red sport of 'Amabilis Variegated'.
- AMABILIS VARIEGATED** — Pale Pink striped deeper Pink. Small, single. Vigorous, upright growth. M. (U.S. 1937 — Domoto).
- AMAOBUNE** — (Fisher-Women's Boat) — Vermillion Red. Medium, semidouble. M. ("Camellia Varieties in Japan", [1956 Edition], E. Satomi).
- AMAZING** — Purple Red. Medium, formal double. Average, compact growth. M. (U.S. 1941 — McIlhenny).

- AMBASSADOR** — Dark Pink. Medium, peony form. (U.S. 1944 — Magnolia).
- AMELIDIA** — Dark Red flecked White. Medium, full peony form. E-M. (U.S. Late 1800's — Magnolia).
- AMELIA** — Red with Copper tint. Medium, semidouble to loose peony form. Slow, sturdy, upright growth. E-M. (U.S. 1943 — Gerbing).
- AMERICAN BEAUTY** — Deep Pink marbled White. Medium, semidouble to rose form double. Average, compact, upright growth. M-L. (Europe to U.S. [Magnolia] 1840's).
- AMERICANA** — See 'Countess of Orkey (United States)'.  
**ANDREA DORIA** — Deep Red striped White. Medium, formal double. (Italy 1855 — Franchetti).
- ANEMONAEFLORA** — ('Warratah'; 'Mrs. Sol Runyon'; 'Honeycomb') — Dark Crimson. Medium, anemone form. Vigorous, upright growth. M. (China to England [Kew Gardens] 1806).
- ANEMONAEFLORA ALBA** — ('Warratah White'; 'White Anemone') — White. Medium, anemone form. (England 1825 — Chandler).
- ANEMONAEFLORA ALBA (AUSTRALIA)** — See 'Leila (Australia)'.  
**ANEMONAEFLORA ROSEA** — Rose Pink to Red. Medium, anemone form. E. (France 1843 — Berlese).
- ANEMONAEFLORA VARIEGATA** — Crimson blotched White. Medium, anemone form. E. (England 1825 — Chandler).
- AN-FLO-LEE** — Dark Red. Large, full peony form to anemone form. Vigorous, upright growth. M. (U.S. 1949 — R. Lee, Pensacola, FL).
- ANGELA COCCHI** — White striped Red. Medium, formal double. Compact, upright growth. M. (Italy 1856 — Cocchi, Brescia).
- ANGELA COCCHI ROUGE** — Red sport of 'Angela Cocchi'.  
**ANGELICA** — See 'Governor Mouton'.  
**ANGELO BOTTI** — Flesh Pink flecked light Pink. Small, formal double. (Italy to U.S. [McIlhenny] 1937).
- ANGEL'S BLUSH** — ('Melissa Martini') — Pink. Miniature, semidouble. Average growth. M. (U.S. 1945 — Tom Dodd, Semmes, AL).
- ANN SHAW** — Light Pink edged White. Medium, peony form. E. (Aus. 1894 — Mrs. A. Shaw, Bayview).
- ANN SMITH** — Bright to dark Red. Medium, semidouble. Compact, pendulous growth. M. (U.S. 1957 — Mrs. J. W. Mann, Valdosta, GA).
- ANNA BRUNEAU (FRANCE)** — Red. Large, formal double. (France 1908 — Bruneau).
- ANNA FROST** — See 'Comte de Gomer'.  
**ANNA L. SCHWABE** — Blush Pink striped and splashed Red. Medium, semidouble. Average, compact growth. M. (U.S. 1948 — Rhodellia).
- ANNA LAYARD** — Light Red. Large, semidouble. (N.Z. 1949 — Davies).
- ANNA LEE** — Red to Rose. Medium, semidouble of flat form with prominent stamens in center in five fascicles. Average, sturdy, upright growth. M. (U.S. 1947 — Lee).
- ANNA LEE VARIEGATED** — Red to Rose and White form of 'Anna Lee'.  
**ANNA M. PAGE** — Rose Pink. Large, semidouble to anemone form. Spreading growth. M. (Aus. 1945 — Macarthur).
- ANNA ZUCCHINI** — White, with occasional solid Pink sport. Medium, semidouble. Average, compact growth. M. (Not the cultivar listed in old literature, which was a formal double of Red, Pink or White striped Pink). (U.S. Mid-1900's — Orton).
- ANNE ALEXANDRE** — Delicate Rose Pink. Medium, semidouble of loose pine cone form. (U.S. Late 1800's — Magnolia).
- ANNE BROWN** — Rose Pink. Large, single. L. (U.S. 1946 — McIlhenny).
- ANNE LINDBERGH** — Rose Red. Medium, semidouble to peony form. Vigorous, upright growth. M-L. (U.S. 1940 — Edinger).
- ANNIE GRAY** — Cherry Red. Medium, semidouble with upright petals. Upright growth. M. (U.S. 1947 — Orton).
- ANNIE LAURIE** — ('Mrs. Eva Hill') — Mauve sport of 'Tricolor California'. Medium. (U.S. 1942 — Hearn).
- ANNIE McDONALD** — See 'Eugene Lize'.  
**ANTIGONI** — Red. Large, semidouble. Vigorous, bushy growth. M. (U.S. 1948 — Malbis).
- APOLLO** — Rose Red. Medium, semidouble. (Not same as cultivar listed in old literature, which was a Red formal double). (England 1911 — Paul).
- APPLE BLOSSOM** — Pale Blush Pink deepening slightly toward margin. Medium, semidouble (U.S. 1930 — Coolidge).
- APPLE BLOSSOM (ENGLAND)** — ('Joy Sander') — Pale Blush Pink deepening slightly toward edge. Medium, semidouble. (England 1934).
- ARANIN** — ('Hito-Suji'; 'Ichimonji'; 'Red Pine Cone') — Rose Pink to Red with White radial bars. Small, formal double of pine cone form. Open, upright growth. M-L. (Japan 1891 — Yokohama).
- ARBUTUS** — Rose Pink. Medium, semidouble. Vigorous, upright growth. M. (U.S. 1949 — R. Long, Pasadena, CA).
- ARCHIDUCHESSA AUGUSTA** — Crimson striped White. Medium, formal double. M. (Italy 1852 — Franchetti).

- ARCHIDUCHESSA ISABELLA DI TOSCANA** — Cherry Pink. Large, formal double. (Italy 1849 — Gaetano, Vicenza).
- ARCHIDUCHESSA MARIE** — Red striped White. Medium, formal double with small, rounded petals. (France 1852 — Defresne).
- ARDOCH** — Delicate Pink. Medium, anemone form. Vigorous growth. (Japan to Aus. [Zincke, Victoria] 1894).
- ARGENTINITA** — ('Faithful') — Sport of 'Bidwell Variegated' — Soft Pink spotted Rose Pink. Medium. (U.S. 1942 — Coolidge).
- ARMEDIA ROSEA** — Rose with poppy colored tints. Large, semidouble to anemone form. (Italy to Belgium [Verschaffelt] 1851).
- ARNALDO DA BRESCIA** — See 'Fra Arnaldo Da Brescia'.
- ARRABELLA** — ('Donna Kaye') — Orange Red. Medium, semidouble with ruffled and notched petals. Vigorous, compact, upright growth. M-L. (U.S. 1949 — Edinger).
- ARRABELLA VARIEGATED** — Orange Red and White form of 'Arrabella'.
- ARTHUR MIDDLETON** — Deep Pink. Medium, semidouble to rose form double. Vigorous, bushy growth. M. (U.S. 1941 — Middleton).
- ARUKAWA** — (Name of a Person) — Pink spotted White. Medium, semidouble. (Sometimes called 'Arikawa'). ("Camellia Varieties in Japan", [1956 Edition], E. Satomi, Tokyo).
- ASAHI-NISHIKI** — (Morning Brocade) — Rose Pink with Pink flecks, spotted White. Small, single. See 'Higo'.
- ASAHI-NO-HIKARI** — (Light of Dawn) — Pink. Large, single. See 'Higo'.
- ASAHI-NO-MAI** — (Dance in Dawn Light) — Red. Very large, single. See 'Higo'.
- ASAHI-NO-MINATO** — (Harbor in Dawn Light) — Pink. Medium, single. See 'Higo'.
- ASAHI-ZURU** — (Crane in Dawn) — Pink spotted White. Medium, single. See 'Higo'.
- ASHLAND PINK** — See 'Augusta Wilson'.
- ASPASIA** — Cherry Rose Red. Large, formal double. (Italy to Belgium [Verschaffelt] 1853).
- ATOSE-YAMA** — (Mt. Arose) — ('Goze-yama') — Pale Pinkish White. Medium, semidouble. ("Camellia Varieties in Japan", [1956 Edition], E. Satomi, Tokyo).
- AUBREY MAGILL** — Bright Salmon Pink. Medium, single. Slow, upright growth. M. (Aus. 1947 — Hazlewood).
- AUBURN WHITE** — White. Large, semidouble with long, Yellow stamens. (Reported to be same as 'Mrs. Bertha A. Harms'). (U.S. 1900 — Auburn, WA).
- AUGUSTA WILSON** — ('Ashland Pink'; 'St. Elmo') — Soft Pink. Medium, full peony form. Vigorous, compact, upright growth. E-M. (U.S. 1937 — A. E. Wilson, Mobile, AL).
- AUGUSTE DELFOSSE** — Deep Red. Medium, peony form. Vigorous, compact, upright growth. M. (France 1864 — Andre).
- AUGUSTE DELFOSSE (BELGIUM)** — Orange Red striped White. Large, formal double. M. (Belgium 1855 — E. Defresne, Liege).
- AUGUSTINA SUPERBA** — Bright Rose veined and mottled White. Large, anemone form. (Italy to Belgium [Verschaffelt] 1848).
- AURORA** — Rose Pink. Large, single with very prominent stamens. M. (U.S. 1838 — M. Floy, NY).
- AUSTILL'S PINK** — Pink. Medium, semidouble to peony form. Vigorous, compact growth. M. (U.S. Mid-1900's — J. Austill, Mobile, AL).
- AUTUMN ROSE** — See 'Gloire De Nantes'.
- AVOCADO LEAF** — See 'El Capitan'.
- AWAJI-SHIMA** — (Awaji Island) — White striped Pink. Medium, anemone form. ("Camellia Varieties in Japan", [1956 Edition], E. Satomi, Tokyo).
- AYAKAWA-SHIBORI** — (Ayakawa [Name of a person] Variegated) Red mottled White. Medium, peony form. M. ("Camellia Varieties in Japan", [1956 Edition], E. Satomi, Tokyo).
- AYA-NISHIKI** — (Figured Brocade) — White streaked Purplish Pink. Medium, single. See 'Higo'.
- AZUMA-SHIBORI** — (Eastern Dapple) — See 'Margherita Coleoni Variegated'.
- AZUREA** — Dark Red. Medium, anemone form. Upright growth. M. (Aus. 1862 — Shepherd).
- BABY SARGENT** — Dark Red. Miniature, full peony form, resembling 'Professor Charles S. Sargent'. (U.S. 1936 — Pfingstl).
- BAILEY WALKER** — Delicate Pink. Medium, semidouble. Vigorous growth. M. (U.S. 1936 — W. T. Wood, Macon, GA).
- BALLERINA** — Pink. Medium, semidouble with incurved petals. Bushy growth. M. (U.S. 1948 — Fruitland).
- BARBARA E.** — White striped Red. Large, formal double. (U.S. 1949 — Edinger).
- BARBARA LODGE** — See 'Marianna Gaete'.
- BARBARA MORGAN** — Bright Red. Medium, semidouble. Average, compact growth. M. (Europe to U.S. [Tea Gardens] 1890).
- BARBARA MORGAN VARIEGATED** — Bright Red and White form of 'Barbara Morgan'.
- BARONNE DE BLEICHROEDER** — Flesh with broad Crimson stripe. Medium, formal double to rose form double. M. (Belgium 1878 — T. Linden, Ghent).
- BARONNE LEGUAY (FRANCE)** — Rose Pink lighter in center. Large, formal double. (France 1908 — Guichard).

- BARONNE LEGUAY (UNITED STATES)** — Deep Rose Pink. Large, semidouble to loose peony form with irregular, upright center petals. M. (U.S. 1937 — McIlhenny).
- BARONESS DE PONTALBA** — Dark Pink. Large, peony form with small, irregular center petals. (U.S. 1948 — McIlhenny).
- BEACON** — Salmon Rose Pink. Large, full peony form. Slender, upright growth. M. (N.Z. 1902).
- BEALII ROSEA** — Rose Pink. Medium, formal double. Vigorous, bushy growth. M. (England 1853 — Low).
- BEAUTE DE NANTES** — Flesh Rose with lighter center. Medium, rose form double with cupped center petals. Vigorous, compact growth. L. (France 1908 — Heurtin).
- BEAUTIFUL** — See ‘Concordia’.
- BEAUVOIR** — Red with Purple cast. Medium, semidouble with fluted petals. M. (U.S. 1945 — Clower).
- BECKY SHARP** — (‘Cream Peony’) — Cream White. Medium, full peony form. Vigorous, spreading growth. M. (U.S. 1946 — Star).
- BEGONIA** — Light Pink. Medium, peony form with soft, folding petals. Compact, upright growth. (Aus. 1947 — Camellia Grove).
- BELGIUM RED** — See ‘Romany’.
- BELL CAMP** — See ‘William Penn’.
- BELLA D’ARDIGLIONI** — Deep Pink shaded Violet. Medium, formal double. M. (Italy 1856 — Santarelli).
- BELLA DI FIRENZE** — Deep Rose veined Crimson with some center petals marked White. Large, formal double. M. (Italy 1856 — Franchetti).
- BELLA DI PONTE D’ERA** — Pink striped White. Large, formal double with smaller center petals. (Italy 1857 — Lechi).
- BELLA LAMBERTH** — Dark Red. Medium, rose form double to peony form. M. (Italy 1855 — Franchetti).
- BELLA PORTUENSE** — Flesh Pink striped and spotted Carmine. Medium, rose form double. M. (Portugal 1844 — Silvestre).
- BELLE FLEUR** — Dark Red. Large; semidouble with large petals. M. (U.S. 1946 — McIlhenny).
- BELLE JEANETTE** — (‘Cleopatra’) — Rose Red flecked White. Medium, formal double. Vigorous, bushy growth. M. (Probably not same as cultivar listed in old literature, which was a formal double of Cherry Rose striped White). (France 1851 — Mieliez, Lille).
- BELLE JUDITA** — White often striped Pink. Medium, full peony form. (France 1908 — Guichard).
- BELLE MILANAISE** — Pink striped Carmine. Medium, formal double. (Portugal 1920 — Da Silva).
- BELLE NEIGE** — White. Medium, semidouble of flat form with narrow petals. M. (Europe to U.S. [Magnolia] 1840’s).
- BELLE ROSE** — Rose Pink. Large, single. (U.S. 1937 — McIlhenny).
- BELLIFORMIS** — Light Rose Pink, occasionally marked White. Medium, formal double. Average growth. M. (Italy 1856 — Luzatti).
- BENI-CHIDORI** — (Red Plover) — Deep Pink with small White dots. Small, semidouble with petaloids in center. (‘Camellia Varieties in Japan’, [1956 Edition], E. Satomi, Tokyo).
- BENI-GURUMA** — (Red Wheel) — Red. Medium, semidouble. M. (Japan to U.S. [Star] 1930).
- BENI-JISHI** — (Pink Lion) — See ‘Ko-Jishi’.
- BENI-KARAKO** — (Red Anemone) — (‘Aka Karako’) — Deep Rose Pink. Medium, single to anemone form. Vigorous, compact growth. M. (Japan 1895 — Yokohama).
- BENI-KIRIN** — (Red Giraffe) — (‘Hi-Ohsho’) — Crimson. Medium, full peony form. M. (Another cultivar is listed under this name as a light Pink veined darker Pink semidouble). (Japan to U.S. [Star] 1930).
- BENI-OSARAKU** — (Hobby of Chief Red) Light Rose Pink. Large, single. See ‘Higo’.
- BENI-OTOME** — (Red Virgin) — See ‘Cheerful’.
- BENI-SUZUME** — (Linnet) — Deep Pink. Small, single.
- BENI-TAI-HEI-RAKU** — (Red ‘Tai-Hei-Raku’) — Pink. Large, single. See ‘Higo’.
- BENTEN** — (Angel) — Rose Red. Small, single with variegated foliage. Compact growth. M. (Japan to U.S. [Star] 1930).
- BENTEN’S RED** — Carmine Red. Large, single. Average, bushy growth. E-L. (U.S. 1942 — Sumter, SC).
- BENTEN-TSUBAKI** (Goddess Camellia) — See ‘Tafuku-Benten’.
- BERKELEY SQUARE** — See ‘Margherita Coleoni Variegated’.
- BERTHA GIGIOLI** — Soft Pink veined deep Pink, edged White. Medium, formal double. (Italy to Belgium 1873 — C. Lemaire, Ghent).
- BESANT’S WHITE CZAR** — White. Large, single. (Aus. 1940 — Besant, Melbourne).
- BESSIE DODD** — White, Medium to large, semidouble. (U.S. 1949 — Azalea Glen).
- BESSIE McARTHUR** — Clear Pink. Medium, loose peony form. Vigorous, bushy growth. L. (U.S. 1943 — Gerbing).
- BESSIE MORSE BELLINGRATH** — See ‘Toki-No-Hagasane’.
- BETTY** — See ‘Akebono’.
- BETTY BOARDMAN** — Deep Pink. Medium, semidouble. M. (U.S. 1946 — Boardman).
- BETTY BOARDMAN VARIEGATED** — Deep Pink and White form of ‘Betty Boardman’.
- BETTY HOPFER** — See ‘Toki-No-Hagasane’.

- QUINCY WHITE** — See ‘Superba Nobilissima’.
- RACHAEL** — Pink. Medium, formal double. (N.Z. 1949 — Davies).

- RADIANCE** — Rose Pink. Medium to large, semidouble. M. (Europe to U.S. [Magnolia] 1840's).
- RADIATA** — Rose Pink mottled White. Large, formal double. (Italy 1848 — Franchetti).
- RADIATION** — Red shading lighter toward center. Medium, semidouble. L. (U.S. 1945 — Fruitland).
- RAFIA** — Carmine. Large, formal double. Vigorous, upright growth. M-L. (Italy 1857 — Franchetti).
- RAINHA SANTA ISABEL** — White. Medium, formal double. M. (Portugal 1880 — Da Silva).
- RAINSFORD CANTELOU** — Red variegated White. Large, loose peony form to anemone form. Vigorous, upright growth. M. (U.S. 1980 — Dodd).
- RAINY SUN** — Rose Pink. Medium to large, semidouble with loose, feathered-edged petals. Vigorous, upright growth. M. (For another form of this cultivar, see 'Saifu'). (Japan to U.S. [Coolidge] 1930).
- RAINY SUN VARIEGATED** — See 'Saifu'.
- RASEN-ZOME** — (Printed Woolen) — Light Rose Pink, sometimes mottled White. Medium, semidouble to peony form. Vigorous, compact growth. M-L. (Japan to U.S. [Star] 1915).
- RAYMOND BEALS** — Dark Pink sport of 'Olive Lee Shepp'. Medium. (U.S. 1950 — Shepp).
- REBA ELLIS** — Frosted White. Medium, semidouble with notched petal edges. Vigorous, upright growth. M. (U.S. 1946 — Husted).
- REBECCA JONES** — See 'Ethel Davis Variegated'.
- RED BEAUTY** — Solid Red form of 'Kasuga-Shibori'. Medium. (U.S. 1935 — Reeves).
- RED DALE** — See 'Pride of Greenville'.
- RED EAGLE** — Light Red. Medium, semidouble. Vigorous, growth. M. (U.S. 1939 — Linde).
- RED GOLD** — Carmine. Small, single with broad petals. (U.S. 1948 — McIlhenny).
- RED HIBISCUS** — Deep Pink to bright Red. Medium, semidouble. Slow, upright growth. E. (U.S. 1939 — Overlook).
- RED HIBISCUS VARIEGATED** — Deep Pink to bright Red and White form of 'Red Hibiscus'.
- RED LUSTRE** — Crimson with darker sheen. Medium, anemone form. Average, open, upright growth. E-L. (U.S. 1948 — McCaskill).
- RED PINE CONE** — See 'Aranin'.
- RED PRESSII** — See: 'La Pace Rubra'.
- RED PRINCE** — Red. Large, peony form. (U.S. 1945 — Malbis).
- RED QUEEN** — See 'Margherita Coleoni'.
- RED STAR** — Red. Large, semidouble. (U.S. 1942 — Doty and Doerner).
- RED VELVET** — Carmine Red veined and striped Purplish Red with Purplish Red petaloids. Medium, rose form double with a few petals cupped in center. (U.S. 1945 — McIlhenny).
- RED WALKER** — See 'Enrico Bettoni'.
- REDGROVE** — Rose Red sport of 'Helenor'. Medium to large. (Aus. 1945 — Camellia Grove).
- REFUGEE** — See 'Haku-Rakuten'.
- REGINA DEI GIGANTI** — ('Hall Townes'; 'Gloriosa'; 'Rosalie (South)'; 'W. H. Hastie'; 'Pink Silk Satin'). — Bright Pink. Medium to large, semidouble with fluted petals. Medium, compact, upright growth. M-L. (Possibly not same as cultivar listed in old literature). (Italy 1855 — Luzzati).
- REINE DES BEAUTES** — ('Grace Sherwin Wilder') — Sport of 'Mrs. Abby Wilder I' — Pale Pink edged White. Large. (France 1861 — M. Veraene).
- REINE DES FLEURS** — ('Lady Derby') — Carmine striped White. Medium, formal double. Vigorous, bushy growth. M. (Belgium 1848 — A. Donkelaar, Ghent).
- REINE DES FLEURS RED** — Red sport of 'Reine Des Fleurs'.
- REINE MARIE HENRIETTE** — Rose Pink striped White to Rose Pink variegated White. Medium, formal double. Average, compact growth. M. (France 1908 — Guichard).
- RENA CAMPBELL** — See 'Horkan'.
- RENJO-NO-TAMA** — See 'Purity'.
- REV. JOHN BENNETT** — Salmon Pink. Medium, semidouble with veined petals and occasional petaloids. Slow, spreading growth. M-L. (Europe to U.S. [Magnolia] 1840's).
- REV. JOHN BENNETT VARIEGATED** — Salmon Pink blotched White form of 'Rev. John Bennett'.
- REV. JOHN G. DRAYTON** — ('Mary E. M.') — Light Pink. Medium, semidouble to loose peony form. Vigorous, compact, upright growth. M-L. (U.S. Late 1800's — Magnolia).
- REVELATION** — Pink and White. Medium, semidouble to peony form. (U.S. 1942 — Magnolia).
- REVERIE DES FLEURS** — Rose Pink splotted White. Small, formal double. M. (U.S. 1937 — McIlhenny).
- RHAPSODY** — Rose Pink. Medium, semidouble. Vigorous, upright, open growth. M. (U.S. 1939 — Coolidge).
- RISING SUN** — Crimson with darker veins and Red stamens tipped with Yellow anthers. Medium, single. Average, bushy growth. M. (Not the cultivar listed in old literature, which was a large Red formal double. (U.S. 1935 — Overlook).
- ROBERT CASAMAJOR** — Turkey Red. Medium, semidouble. Average, compact growth. M-L. (U.S. 1945 — Huntington).
- ROBERT CASAMAJOR VARIEGATED** — Turkey Red blotched White form of 'Robert Casamajor'.

- ROBERT E. LEE** — Dark Red veined darker Red with Red stamens. Medium, semidouble with loose, irregular petals and a few petaloids. Vigorous, compact growth. M. (U.S. Early 1900's — Magnolia).
- ROBERT NORTON** — White striped Pink. Medium to large, semidouble. Average, compact growth. E. (For another form of this cultivar, see 'Jean Norton'). (U.S. 1944 — Overlook).
- ROBIN HOOD II** — Purplish White with Rose Pink stripes, flecks and blotches. Medium, semidouble. M. (U.S. 1946).
- ROBIN HOOD III** — Bright Cherry Red. Medium, semidouble. (U.S. 1944 — Tea Gardens).
- ROBINSON 56** — See 'Cho-No-Hanagata'.
- ROGETSU** — (Hazy Moon) — ('Oborozuki' 'Seiganji') — Dull White with Cream colored stamens. Medium, single with rounded petals frilled on edges. (Japan 1935 — Chugai).
- ROI DES BELGES** — Sport of 'Contessa Lavinia Maggi' — Pinkish Red marked White. Medium. (Belgium 1873 — L. Van Houtte).
- ROI LEOPOLD** — Bright Rose Red splashed White. Medium, formal double. Compact, upright growth. M. (Italy 1855 — Franchetti).
- ROMANCE** — Deep Red. Medium, formal double. Vigorous growth. M. (U.S. 1948 — Hearn).
- ROMANY** — ('Belgium Red') — Rose Red. Medium, formal double. Vigorous, upright growth. M. (Said to be the same as 'Roi Leopold'). (U.S. 1937 — Coolidge).
- ROOSEVELT BLUES** — ('Frankie Bray') — Purplish Red. Medium, semidouble to peony form. Vigorous, compact, upright growth. M. (U.S. 1944 — Longview).
- ROOSEVELT BLUES VARIEGATED** — Purplish Red blotched White form of 'Roosevelt Blues'.
- ROSA DEL RANCHO** — Deep Pink. Medium, semidouble. Vigorous, upright growth. M. (U.S. 1947 — Hearn).
- ROSA LARALARUS** — White, lightly washed, blotched and lined deep Rose Pink. Large, loose peony form. M. (U.S. 1941 — McIlhenny).
- ROSA MUNDI** — Red blotched White. Medium, formal double. M. (Two other cultivars are listed under this name in old literature, one a rose form double of pale Pink streaked deep Cerise Pink and the other a rose form double of Pink streaked White). (England 1832 — Press).

- SHUSU-GASANE** — (Double Satin) — Pink dotted White. Large, semidouble. ("Camellia Varieties in Japan", [1956 Edition], E. Satomi, Tokyo).
- SHUZAN** — White and Scarlet. Large, single with incurved petals. (Japan 1935 — Chugai).
- SIERRA SPRING** — ('Mme. Hahn Variegated') — Bright Pink and White form of 'Mme. Hahn'. Medium. (U.S. 1948 — C. Marshall, Sierra Madre, CA).
- SIEUR DE BIENVILLE** — Deep Rose Pink sport of 'Florence Stratton'. Medium to large. (U.S. 1946 — McIlhenny).
- SILVERY PINK** — See 'Fra Arnaldo Da Brescia'.
- SIMEON** — Pink. Large, semidouble to loose peony form with large petals. Vigorous, upright growth. E-M. (U.S. 1949 — Clower).
- SIMPLICITY** — White. Medium, semidouble of Magnolia form with wavy petals intermixed with Golden stamens at center. (U.S. 1940 — Heam).
- SIMPLICITY (AUSTRALIA)** — White. Medium to large, semidouble to loose peony form with large, wavy petals. Open, willowy growth. (Aus. 1945 — Royal Botanic Gardens).
- SIR GALAHAD** — White, occasionally striped Carmine Red and sometimes solid Pink. Large, formal double. Vigorous, upright growth. L. (U.S. 1943 — Fruitland).
- SMILING BEAUTY** — Delicate Pink. Medium, semidouble. Average, upright growth. M. (U.S. 1940 — Overlook).
- SNOW MAIDEN** — White. Small, semidouble. Vigorous, upright, open growth. M. (U.S. 1937 — Coolidge).
- SNOW QUEEN** — White. Medium, formal double to rose form double. Average, bushy growth. M. (U.S. 1949 — Jannoch).

- SNOW TULIP** — White. Medium, single to semidouble. Vigorous, upright growth. M. (U.S. 1945 — Carter).
- SNOWBALL** — White. Medium, full peony form. Slow, upright growth. M. (U.S. 1937 — Domoto).
- SNOWDRIFT** — White. Medium, semidouble. Vigorous, upright growth. M. (Japan to U.S. [Domoto] 1932).
- SOL DE ORO** — Pink. Medium, single with mass of stamens and petaloids in center. Average, compact growth. M. (U.S. 1948 — OR).
- SOMNAMBULA** — Pink striped White. Large, formal double. (France 1908 — Guichard).
- SONGBIRD** — See *Biho*'.
- SOPHIA** — Rose Pink and White. Medium, anemone form. Slow, low, willowy growth. M. (Belgium 1853 — Glym, Utrecht).
- SOPHIA CHIARUGI** — Soft Rose Pink. Large, formal double to rose form double. (Italy 1859 — Nencini, Florence).
- SOSHI-ARAI** — (Light Pink Dots) — Light Pink blotched and spotted Reddish Pink. Medium, semidouble. Vigorous, compact, upright growth. M. (Japan to U.S. [Star] 1930).
- SOUTHERN BELLE** — Light Pink. Large, semidouble. Upright growth. L. (U.S. 1943 — Fruitland).
- SOUV. DE GASTON ALLERY** — Salmon Rose Pink lined White. Large, semidouble. (France 1920 — Guichard).
- SOUV. DE MME. COLETTE VAN WASSENHOF** — Cream White. Medium, loose peony form with flaring outer petals. (France 1908 — Guichard).
- SOUV. DE MME. TALLY** — Soft Pink blotched White. Medium, formal double. (U.S. 1949 — Hearn).
- SOUV. D'UNE AMI** — Deep Rose Pink to White striped Pink. Large, single. (U.S. 1937 — McIlhenny).
- SOUVENIR** — Clear Rose Pink. Medium, semidouble. Vigorous, compact, upright growth. M. (U.S. 1943 — Hearn).
- SPECIOSA** — ('Giante De Baittailles') — Red and White. Medium, full peony form. Upright, open growth M. (Reported that probably same as 'Professor Charles S. Sargent Variegated'). (China to England [Captain Rawes] 1824).
- SPECIOSISSIMA** — ('Shepherd's Red') — Light Scarlet. Large, anemone form. Vigorous, upright growth. E-M. (Aus. 1862 — Shepherd).
- SPECTABILIS** — Deep Rose Pink. Medium, rose form double with petals tiered from outside to center giving star-like appearance. E. (Italy 1856 — Burnier and Grilli, Florence).
- SPLENDENS** — Red. Large, semidouble. L. (U.S. 1946 — McIlhenny).
- SPLENDENS CARLYON** — Rose Pink. Large, semidouble. (England to U.S. [Peer] 1948).
- SPONGE** — See 'Harlequin'.
- SPRINGTIDE** — Soft Pink. Medium, rose form double. Vigorous, compact growth. M-L. (U.S. 1947 — Coolidge).
- ST. ANDRE** — ('Rose Hill Rubra') — Bright Red. Medium to large, semidouble to anemone form. Average, upright growth. M. (England to U.S. [McIlhenny] 1931).
- ST. ELMO** — See 'Augusta Wilson'.
- ST. GEORGE** — Rose Pink shading to light Pink at center. Medium, formal double. Spreading growth. M-L. (Aus. 1945 — Hazlewood).
- ST. MARY** — See 'Morning Glow'.
- STABLER PINK** — Light Rose Pink. Medium, formal double. Vigorous, compact, upright growth. M-L. (U.S. 1949 — Dr. L. V. Stabler, Greenville, AL).
- STANDARD** — Light Rose Pink to White in center shading out to darker Rose Pink in outer petals. Medium, formal double. Average, compact, upright growth. L. (U.S. 1937 — Fruitland).
- STAR OF BETHLEHEM** — White. Medium, semidouble of star form. Low, bushy, spreading growth. E-M. (U.S. 1943 — Gerbing).
- STARDUST** — ('Duc d'Orleans Pink'; 'Mme. Adele'; 'Marguerite Gouillon Pink') — Bright Pink form of 'Marguerite Gouillon'. Medium. (U.S. 1934 — Azalea Glen).
- STARLIGHT** — See 'Surusumi'.
- STATE LINE VARIEGATED** — Dark Red and White. Medium, semidouble. (U.S. 1948 — Flowerwood).
- STELLA POLARE** — Deep Carmine and each petal is rayed with a White band. (May be correct name for 'Etoile Polaire'). (Italy 1866 — Franchetti, Florence).
- STEPHEN FOSTER** — Dull Red changing to Purple Plush. Medium, semidouble with irregular petals. Vigorous, compact, upright growth. M. (U.S. 1948 — Bradford).
- STEVEN'S PINK** — See 'Pride of Greenville'.
