THE COVER FLOWER

C. HYBRID 'MASSEE LANE'

'Massee Lane' is a 9 year old seedling of the hybrid 'Phyl Doak,' originated by Milo Rowell of Fresno, California and propagated by Wilkes Nursery and Redwood Empire Camellias. The anemone to rose form bloom is spinel red, has measured 5½ inches in diameter and 3 inches in depth with 28 petals and yellow filaments. It blooms mid-season. The flowers are long lasting, will not shatter but fall in one piece. They have good substance and texture.
